### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Daniel L Girdwood on May 12, 2004.

The application has been amended as follows:

In claim 1, line 3, "for movement" has been deleted and --moveable-- has been inserted before "between".

In claim 1, line 7, --and the body-supporting member-- has been inserted after "hood".

In claim 18, line 9, "for movement" has been deleted and --moveable-- has been inserted before "between".

In claim 18, line 10, "for automatic movement to" has been deleted.

Claim 19 has been canceled.

In claim 22, line 4, --a link mechanism and-- has been inserted after "including".

In claim 22, lines 7-8, "for movement" has been deleted and --, the hood moveable-- has been inserted after "post".

In claim 22, line 11, --link mechanism and the-- has been inserted before "releasable".

In claim 22, line 12, "link-and-bias mechanism holds" has been deleted and -- link mechanism and latch hold-- has been inserted after the first appearing "the".

In claim 22, line 13, "is" has been deleted and --, link mechanism and latch are-- has been inserted after "hood".

In claim 22, line 13, --of the hood-- has been inserted after "movement".

In claim 28, line 3, --with respect to a framework-- has been inserted after "position".

In claim 28, line 4, --on the framework and-- has been inserted after "supported".

In claim 28, line 4, "for movement" has been deleted and --moveable-- has been inserted before "between".

In claim 28, line 12, --on the framework operably connected to the link-and-bias mechanism-- has been inserted after "latch".

In claim 28, line 12, --when latched-- has been inserted after "configured".

The following is an examiner's statement of reasons for allowance: the allowable subject matter being the specific interconnections/interactions between the hood, link-and-bias mechanism, body-supporting member and latch of the hunting blind. For claims 1, 18, 22 and 28, the latch secures body-support member against the force of the link-and-bias mechanism so that the hood is maintained in its hiding/closed position. The link is automatically moveable to its released position when weight is put on the body-support member; however, the hood is not moved to its open position until the weight is taken off the body-supporting member.

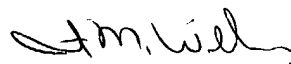

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Janet M. Wilkens whose telephone number is (703) 308-2204. The examiner can normally be reached on Monday-Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lanna Mai can be reached on (703) 308-2486. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
